

Parking Display Screen

Master Screen (SPG-GDM1)

SPECIFICATION

Power supply	220Vac 50/60Hz
Power Consumption	82 W
Module voltage	5V
Pixel Pitch	10 mm SMD
Module dimension	32*16cm
Display resolution / panel	16x32=512 Dots
Controller	D16 Asynchronous Card
Communication	TCP/IP
Connection	Cat6 Cable
Pixel density	10000 Dot/m2
Protection Class-IP	IP65
Environment temp	- 10 : 60oc
Env. humidity	10%: 90% RH
Certificates	CE
LED brand	EGY LED
Origin	Assembled in Egypt

DESCRIPTION

High Resolution Led Display Screens with enhanced contrast ratios due to their backlighting system & RGB Pixel composition data show. The Master Screen Display Park data at entrance gate, & Slave Screen Indicating free slots direction & count.

KEY COMPONENTS

- Reliability, Easy installation & maintenance.
- Full color text and graphic content.
- `Road side environment or Portal installation.
